

Summer Film Institute

Beginners Aug. 9-13; Advanced Aug 16-22

Project AWARE and Gum Spirits Productions will support teens in using high quality video as a medium for raising awareness about a youth social issue.

The beginners will make their own high quality public service commercial over the course of 5 days (Aug. 9-13). For advanced students, there will be 1 day of training and then during the next 6 days they will shoot a 30 minute movie with institute attendees as the crew (Aug. 16-22).
